

\$5 Million Investment Line of Credit

Seattle Bank recently provided a \$5 million revolving line of credit to fund short-term cash flow needs related to its borrower's portfolio of private investments. The line was supported by strong cash flow from income-producing assets, which includes significant holdings in a third generation family business. Credit support was provided by a pledge of marketable and unlisted securities.

Our banker partnered closely with the borrower and her family office to underwrite and structure the loan, which is another great example of a unique solution Seattle Bank can provide as a result of its entrepreneurial and thoughtful approach.
