Seattle Bank Launches New Online and Mobile Banking

SEATTLE – April 9, 2018 – Seattle Bank is pleased to announce the launch of its new digital banking platform. The Bank's new online and mobile banking provides a best-in-class private and commercial banking experience.

The updated platform features a new mobile and online user experience; enhanced security; improved Bill Pay, including Picture Pay; and mobile approval capabilities for wires. In addition, the Bank now offers a unique experience for our Private Banking clients, as well as mobile check deposit for business clients.

Seattle Bank partnered with Malauzai Software, Inc—an Austin, Texas, based leader in the digital banking arena—to upgrade the Bank's online and mobile banking. This is just the first of many upgrades and unique digital offerings the Bank will provide to its clients, with more coming in the near future.
