- Review your retirement and investment account allocations and beneficiaries
- Check your Life Insurance coverage and beneficiaries
- Sign up for ID theft protection
- Stash some cash – it's a good idea to have a cash available in the event of a natural disaster where access to cash may not be possible
- Safeguard important records either in safe or a digital vault
- Review passports for expiration dates
- Take pictures of valuables and store the photos in the cloud
- Review your will for any updates that may be necessary or get a will drafted if you don't have one.
