

New Commercial Client

Seattle Bank recently became the bank of a specialized logistics company based in Seattle and doing business nationally. We enabled them to improve administrative efficiencies with a tailored treasury management solution, and obtain a line of credit to support seasonal working capital needs and fund continued growth.

Vice President and relationship manager, Mike Fishback underwrote and structured a credit facility and covenant package that compensated for sales concentrations and strong growth rates. April Tran, Assistant Vice President and client support manager facilitated account openings, and a customized treasury suite including remote deposit capture and ACH.

Both the CEO and CFO appreciated being able to discuss the credit and treasury needs with decision-makers, and the fact that the Bank ensured a smooth transition. The Bank is happy to be a resource to this new client.

Seattle Bank is a boutique bank focused on the needs of individuals, businesses and business owners throughout the Pacific Northwest. Our experienced team of bankers blend big-bank solutions with boutique-bank service – creating more value by aligning tailored financial resources and services to match each client’s needs. Through a combination of customized solutions, exceptional service and accelerated answers from local decision-makers, we make the complex simple.
